BOUND TO AMERICA

Thousands of Future Citizens on the Way.

An Unusual Influx Caused by the New Regulations.

By Associated Press to The News.

New York, May 2.—There is a big rush of immigrants headed for New York. Thousands of immigrants are now on the ocean bound for America, and the reason for the exceptionally large influx of future citizens is that the new immigration law goes into effect tomorrow. Steamer passengers on all steamers leaving foreign ports on and after May 3, will be subjected to the new system of questions at Ellis Island, and will come under control of the new board of inspectors. To foretell this many have already taken passage, and they will be here in swarms next week. Ten thousand Italians have left Marseilles on eleven steamships, which have just sailed from that port. The Belgavia is bringing fourteen hundred. There are thirteen thousand more bound from Bremen, and there is migration from other ports equally as large.

Choctaw Outlook Peaceful.

By Associated Press to The News.

WASHINGTON, May 2.—Secretary Hoke Smith has received a telegram from Indian Inspector Faison, in which he states that the Choctaw outlook is altogether peaceful. Lock's force and the militia are disbanding.

World's Fair visitors.

An intending visitor to the coming World's Fair at Chicago need have no fear as to the possibility of securing satisfactory accommodations, at reasonable rates, at either of the many hotels or residences listed in a neat pamphlet entitled, "Homes for Visitors to the World's Fair," compiled at great expense and published by a trustworthy Chicago firm. This book contains a list of about 6,000 private families who will accommodate visitors in Chicago during the time of the Fair, viz: May 1st to October 30th; gives their names and addresses, and a number of rooms each will have to spare. The book also gives a list of the hotels and their locations; has twelve full page, large-scale maps, each representing a section of the city, so that with this information before him the intending visitor can, at leisure, select the quarter of the city in which he would prefer to stop, corresponding in advance with one or more families in that locality with regard to rates and the accommodations desired.

To help you in fixing in advance upon your place of residence while attending the World's Fair, we have placed in the hands of our agent at your station copies of this work, which may be obtained at 50 cents per copy. W. H. WINFIELD, G. P. A. Cotton Belt Route.

A Choice List of Summer Resorts.

In the lake regions of Wisconsin, Northern Michigan, Minnesota, Iowa and the two Dakotas, there are hundreds of charming localities preeminently fitted for summer homes. San Harris' black 1-year old colt, Bad Boy, was sired by April Fool, dam, a standard bred Tennessee trotting mare. Her sire was John Driver, a thoroughbred steel colt. Bad Boy is one of the finest colts in Texas, and is a beautiful jet black. One year ago it was published that Bad Boy was killed, but there is a mistake, as he is now alive and well, and bids fair to make a record that will astonish everybody. Anyone wishing to see the colt can do so by calling on Sam Harris at his residence, 630 Bridge street, East Waco. Bad Boy is for sale.

The entertainment given by Prof. Strother at the city hall last night was pronounced by all a grand success, and demonstrated the professor's ability and faithfulness as a teacher beyond cavil. Boys under his teaching are taught analysis thoroughly that they are enabled to solve, mentally, intricate, difficult mathematical problems both accurately and rapidly. The grammar class evidenced the accurate training. Those who heard the questions as propounded and the answers as promptly given know the professor's method teaches the child to think, while after all is the chief end of the school master.
